About Main Street

Main Street Woodbury is a volunteer organization that assists with the continued economic revitalization and historic preservation of Woodbury's commercial districts. It is composed of residents, property owners, merchants, and local government officials. Selected by the NJ State Main Street Program in 1997, Main Street Woodbury works to heighten social and economic vitality in the City of Woodbury.

Why Do We Need Main Street?

Main Street Woodbury works with the community and local government to create a new image of our business district. Its function is to bring about continued revitalization, highlight our downtown in a positive manner in order to draw people there, and achieve an attractive series of storefronts and restaurants. A continual enhancement of a pleasing business environment by Main Street Woodbury benefits the businesses, customers, and community in Woodbury. Residents and visitors alike are rediscovering an inviting atmosphere here.

How Does Main Street Work?

The National Historic Trust and Main Street New Jersey assist the Main Street Woodbury volunteers in putting in place a new system of growth and development in our community. This system utilizes the creation of four volunteer committees who look to improve four essential aspects of our town: Design, Promotion, Economic Restructuring and Organization. If you would like to join us in partnership for the revitalization of Woodbury, please contact:

Main Street Woodbury, Inc.
P.O. Box 490, Woodbury, NJ 08096
