Our Mission

The Tacony Community Development Corporation is volunteer driven nonprofit corporation whose mission is to combat blight, lower vacancy and improve the physical condition of the commercial corridor of the Tacony community.

Our Vision

Torresdale and Longshore Avenues are the hub of the Tacony community where residents and visitors find a thriving commercial district full of exciting shops and restaurants.

Your Stake in Our Downtown

It's been said that downtown is every community's front porch, and in Tacony, our front porch is Torresdale Avenue. Maybe Tacony is your hometown, or where you have your business. Either way, you have an important stake in the future health and economic vitality of the heart of Tacony—our neighborhood shopping district.

The Tacony Community Development Corporation is Working for You

In the last year, we revised our agenda to concentrate exclusively on the commercial corridor's revitalization on the 6300-7200 blocks of Torresdale Avenue. **We work closely with City agencies to fix problems in the shopping district.** Already more than 20 businesses have received free design assistance for façade improvements, and are eligible for grants worth up to \$385,000 towards the improvement of their storefronts. We contributed funds to support the historic district nomination of the Disston Estate to the National and Philadelphia Registers of Historic Places. We worked with scores of volunteers to plan clean up days, plant flowers, and develop community projects. The TCDC's joint promotional activities including the Hoagie Trail have generated newspaper, blog and TV coverage resulting in **increased sales at highlighted businesses of more than 15%**. Our business cluster advertising has generated more than a million advertising impressions. We are actively seeking new businesses to fill vacancies in our downtown district, and helping existing business owners build a brighter future for everyone in Tacony.

Our Five-Year Plan

1. Continue to monitor Torresdale and Longshore Avenues to maintain a clean and safe environment for residents, shoppers and visitors.
2. Market, advertise and grow events and activities to bring people to our corridor.
3. Maintain and enhance all aspects of the historic physical environment to increase foot traffic on the district.
4. Expand financial resources, partner with a variety of organizations/agencies and continue to recruit volunteers to implement activities.
5. Monitor and expand the business mix by retaining existing businesses and recruiting complimentary new businesses.
